The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Lebanon Mechanic Street Sidewalks Project in Fiscal Year 2025.

The entity to receive funding for this project is the Town of Lebanon located at 51 North Park Street, Lebanon, NH 03766.

Lebanon does not have adequate sidewalks connecting downtown Lebanon to our West Lebanon downtown. Building a sidewalk connecting these two areas is an appropriate use of taxpayer funds because it will have positive economic and social impacts on the community, such as improving access to medical care, public transportation, housing, and job opportunities for all residents. This key investment in public infrastructure is essential to the success of the community and will directly impact the vitality of the region's rural economy.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in cursive script that reads "Ann McLane Kuster".
