Dear Northern Borders Regional Commission,

I write in support of the Littleton River District's Northern Borders Regional Commission Grant application. This grant will aid Littleton in its goal of making this community a destination for business and visitors alike.

Their goal is to create an all season special event center that could support an active Farmers Market in the summer and an ice skating arena in the winter while supporting cultural events throughout the year. Their plans also include a play area for children and a wellness and fitness area for adults. Further enhancement of the River District will also provide expanded parking for automotive and visiting tour busses.

The coupling of a friendly, walkable downtown and an attractive open air experience in the River District will add to Littleton's reputation as a must visit destination in the Granite State.

I would encourage a timely review and decision of Littleton River District's Grant Application. I place my support behind the application with the Northern Boarder Regional Commission's grant program, and I urge you give it full consideration. Please keep my office informed as the process moves forward by contacting Brian Bresnahan of my staff at (603) 444-7700 or [Brian.Bresnahan@mail.house.gov](mailto:Brian.Bresnahan@mail.house.gov). Thank you for your consideration.

Sincerely,
